## CARE AND MAINTENANCE OF WOOD

The wood used for our products are of the highest quality and manufactured with the greatest craftsmanship. Possible differences in colour tonality or shades are due to the natural characteristics of the materials and are to be considered as proof of artisanal workmanship.

For routine cleaning of natural, stained or lacquered wood, we suggest to use a soft or a microfiber cloth, dampened with water.

Never use spray products, wax or any product containing alcohol, solvent or abrasive.

Clean stains while they are still fresh.

All products are made with respect for the mankind and the environment.
