

C.O.P. Storage Units **Mikal Harrsen** **2012**

Sistema di contenimento.

Grazie al suo sistema di montaggio su binario nascosto, C.O.P. Storage Units si presenta come una soluzione di contenitore semplice e flessibile. Il sistema a binario permette una semplice soluzione 'plug & play'.

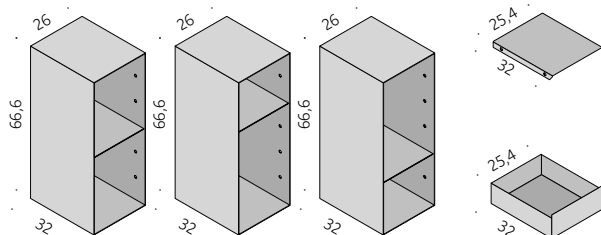

Costituito solamente da tre moduli, un ripiano e un cassetto, il sistema C.O.P. si propone come contenitore minimale per l'ufficio e la casa.

Materiali:

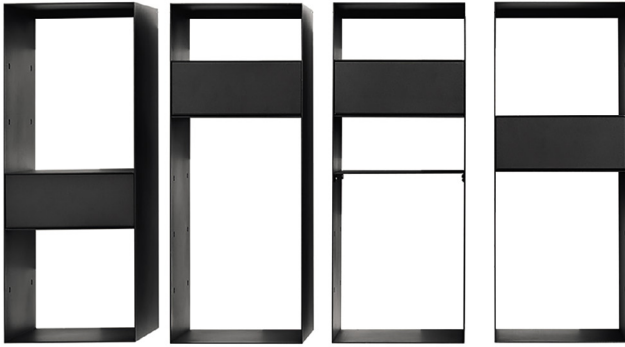

CONTENITORI, RIPIANI, CASSETTI, E STAFFA A PARETE: lamiera di acciaio con spigoli saldati e levigati, verniciata a polvere color nero o bianco gofrato. Fissaggi magnetici dei ripiani aggiuntivi. I cassetti sono dotati di maniglia magnetica.

BINARIO NASCOSTO: profilo in alluminio.

C.O.P. Storage Units Mikal Harrsen 2012

Storage system.

With its concealed rail mounting system, C.O.P. Storage System offers a simple flexible storage solution.

The railing system provides a simple 'plug & play' solution. Created of only 3 basic units, a shelf insert and a drawer, the C.O.P. system offers a minimalistic storage solution for office and residential use.

Materials:

STORAGE UNITS, SHELVES, DRAWERS AND WALL BRACKET: sheet steel with welded and polished corners, embossed black or white powder-coated. Magnetic fastening of additional shelves. Drawers are fitted with magnetic handle.

CONCEALED RAIL: aluminium profile.
